## ABOUT US

---

We are a team dedicated to providing high-quality products and excellent service and promoting a sustainable and pollution-free environment. Our brand, Bio-One, offers eco-friendly and biodegradable corn starch tableware that is proudly made in India. Our products are 100% biodegradable and environmentally friendly, making them the perfect choice for conscious consumers.

At Bio-One, we have developed a solution: Cornstarch biodegradable products. Our Biodegradable products are designed to decompose fully over time, leaving no trace and preventing pollution. This is our way of giving back to the environment.
